

POLICEMAN GOES TO RESCUE WIFE AND GETS BEATEN

Four Ruffians Attacked by Husband as They Are Dragging Woman Into Hallway.

John Dwyer, a policeman attached to the Oak street station, and his wife Martha, who is young and pretty, were coming back to their home at No. 105 East Fifty-sixth street early today from a visit to friends in Harlem. He left his wife when they got off the crostown car at Fifty-ninth street and Third avenue, telling her he would hurry on ahead and shift from citizen's clothing to uniform in order to reach his precinct in time for duty on the early detail.

Dwyer had trotted along for a couple of blocks, when he heard Mrs. Dwyer scream. He turned back. Four men were dragging her, shrieking and struggling, into a hallway in Fifty-seventh street. By the time the husband reached them the wife was exhausted. Dwyer knocked one of the men over, but he second one tripped him, and as he went down all four tumbled on him and began kicking him. He managed to get his gun out of his pocket, and as he flashed it the ruffians ran. He blew his whistle. Policeman Lynch heard the signal and arrived in time to capture one of the four, Alois Bucher, of No. 33 East Fifty-seventh street, who said he was a waiter employed in the Hotel Savoy.

In the Yorkville Court Magistrate Whitman fined Bucher \$10.

BUNCH OF KEYS MAY IDENTIFY THIS SUICIDE

Jumped Into Gowanus Canal and Refused to Grab Rope Thrown.

A man was seen to jump into the Gowanus Canal at the foot of Backstreet, Brooklyn, early today by John Pagan, of No. 33 Second street, and Joseph Burns, of No. 21 Fifth street, who were on their way to work.

Both rushed to the spot and threw out a rope, which the man in the water could easily have grasped. Thinking he would cling to the life line neither Pagan nor Burns jumped into the oily water after him, and when they saw him sink beneath the surface it was too late.

Policeman McGloin was notified and reported to the Hamilton avenue station. Lieut. William Willis and several patrolmen found the body. There was nothing on it by which the man might be identified except a bunch of keys with a brass tag, "No. 4." He was about thirty years, 5 feet 8 inches tall, weighed 180 pounds, had black hair, was smooth shaven, wore a dark sack suit, black striped shirt, black button shoes and black stockings.

JOKER DELAYED A BRIDAL TRIP

Lured Coachman Away and Took the Harness from the Horses.

ARLINGTON, N. J., June 6.—A trick that was played here last night caused a newly wedded couple to lose their train and delayed their start for Niagara Falls on their wedding tour. The victims of the joke were Arthur Christian, of Newark, and Miss Martha B. Davis, daughter of Walter Davis, of Newark, and a niece of United States Commissioner Rowe, of Jersey City.

The marriage ceremony took place at the residence of Mr. Rodman, another uncle of the bride, in Arlington. The wedding was followed by a reception, and then Mr. Christian and his bride started for the carriage, which was to take them to the railroad station. To their astonishment they found that the harness had been taken from the horses and was no where to be seen, while the coachman was also missing. It was soon learned that the coachman had been invited into the house to partake of refreshments and that it was in his absence that the harness had been carried away. The disappearance of the harness caused a commotion, and Mr. Rodman and the girls at once started to search for it. After a long hunt some of it was found in a shed at the rear of the Rodman residence, and the rest of it under the front stoop. Young men in evening dress, carrying lanterns to help them in their search and even some of the young women guests took part in the hunt for the harness and attracted quite a crowd in front of the house.

The bride couple took the "joke" good-naturedly, and when the harness was at last found and replaced on the horses they drove away followed by a shower of rice and slippers in time to catch the midnight train for New York, whence they departed today for the Falls.

The perpetrator of the joke has not been found.

SNAP-SHOT MEN TAKE PLACES OF UNION PICKETS

Labor Employs the Camera in Its Battles Against Strike-Breakers.

CHICAGO, June 6.—The traditional union "walking delegate" was replaced yesterday by a person carrying a "snap-shot" camera under his arm. The "camera delegate" is a combination of "walking delegate" and photographer, whose duty is to take pictures of buildings under construction so that he can call a strike from his office without visiting the "job."

The Sheet Metal Workers' Union introduced the new official, and the other thirty-four unions in the Associated Building Trades are getting ready to adopt him.

It is the plan to photograph every building in the city where union men are at work, as well as a number where non-unionists are employed. If a strike is called photographs of any non-union men who may be hired will be taken and filed for reference.

The only difficulty facing the plan is the probable protest of the photographers' union, which may object to the camera delegate on the ground that they are, from its viewpoint, non-union.

BRASS PIN AND SUN BOIL CAUSED DEATH.

Augustus C. Halsey, Formerly of This City, Victim of Blood Poisoning.

ST. LOUIS, June 6.—Blood poisoning caused by a prick of a brass pin resulted in the death here today of Augustus C. Halsey, who came from New York in 1901 and engaged in the automobile business.

He had formerly been an officer of the Seamen's Bank in New York. Two weeks ago Mr. Halsey took a long automobile ride and his nose was sunburnt. A boil formed and he punctured it with a common brass pin. Blood poisoning resulted. The body will be taken East for burial.

STOUT WOMAN'S CHOICE THE Nemo SELF-REDUCING CORSET

The enormous demand for the Nemo Self-Reducing corset during the "Nemo Week Sale" exceeded the most liberal supply of every corset department in all retail stores where Nemo corsets are sold, throughout this country.

Leading retailers and experienced saleswomen who are anxious to gain and retain customers united their efforts to recommend this corset and to advise all about women not to buy any other.

If there was any need of a positive proof that the Nemo Self-Reducing is the only corset the stout woman wears to wear, this "Nemo Week Sale" has furnished it.

It has established the facts in the most convincing way—

That the Nemo Self-Reducing corset stands alone, in a class by itself without a rival.

That it is the only corset which reduces the figure most effectively and gives comfort, health and style at the same time.

That it supports the abdomen perfectly and brings relief to those who are physically weak.

That it produces a correct foundation for a well-fitting gown and gives the stout woman the best shape she has ever had.

That considering its wonderful wearing qualities and what it accomplishes, the Nemo Self-Reducing corset at \$3.00 is a more economical investment than three ordinary corsets at \$1.00 each.
